SUGGESTED ENTRY PROCESS FOR COURSEWORK TO THE UC TAP
UC BERKELEY CONCURRENT ENROLLMENT

Scenario: UC Berkeley Concurrent Enrollment

A student takes a course via UC Berkeley Concurrent Enrollment. The California community college (CCC) participant in the program (rather than UC Berkeley), transcripts the course providing a UC Berkeley course number and UC Berkeley course title on the CCC transcript, as well as unit and GPA assessment.

UC TAP Student Entry Process:

INSTITUTION: California Community College name

SUBJ: UC Berkeley Subject

CRS #: UC Berkeley Course Number

If the subject and course number at UC Berkeley matches a course at the CCC, the UC TAP system believes it to be an ASSIST course and the student is instructed to enter the course only from the pull-down menu. In such a scenario, enter a space before the course number to 'trick' the system.

TITLE: (UC BERK CONCUR ENROLL) UC Berkeley Course Title

Because Laney College offers a course by the same SUBJ/CRS #, the system provides notification that the course is on ASSIST, and that it must be entered from the pull-down menu.

'trick' the system by adding a space before the CRS #
