Mandatory Sessions

📍 Wellman Hall, Rooms 1/7/25/27/101/103/107/115/129/205/207/209/230/235

10:30 AM

College: Making It Happen! **Mandatory for middle school students.**

Listen to an overview of career options and learn why good grades in middle school and high school are critical to college preparation. We will explore the four higher education systems in California—University of California (UC), California State University (CSU), California community colleges and private schools—and provide an overview of admission requirements for each.

📍 Wellman Hall, Rooms 2/26/106/126/212/226/229/234

11:30 AM

College Admissions 101: Becoming a Competitive Applicant **Mandatory for high school students that plan on attending a four-year institution.**

Explore the four higher education systems in California—University of California (UC), California State University (CSU), California community colleges and private schools—and their admission requirements. You will also hear examples of well-rounded applicants and review “a-g” admission requirements for the UC and CSU systems.

📍 Giedt Hall, Rooms 1001/1002/1003/1006/1007

12:30 PM

College Link: Preparing for Success in Community College **Mandatory for high school students that plan to attend community college.**

Do you plan to attend California community college after high school? Get a jump start on the enrollment process and learn more about community college placement exams, orientation, course enrollment for career technical education, support services, associate degrees and requirements for transferring to a four-year institution.

Elective Workshop Sessions

Haring Hall, Room 1227

10:30 AM
11:30 AM

You Can be a Lawyer! ¡Si se Puede!

If you are fascinated by legal shows on television or have been told you should be a lawyer because you like to argue, consider a career in law. A law degree can be rewarding, empowering and opens doors to a variety of careers beyond the legal profession. Join us for a discussion on law school and the career opportunities it provides.

Haring Hall, Room 1204

10:30 AM

How to Become a Teacher

An experienced educator will share the pathway to a teaching career and making a positive impact in the lives of students. We will also discuss effective teaching strategies and common core standards.

11:30 AM

Navigating Your Career Journey

Learn how to use your values, interests, skills and personality to land the perfect career. Together we will explore strategies to plan a career and develop employable skills.

Haring Hall, Room 2016

10:30 AM
11:30 AM
12:30 PM

Life of Cesar Chavez

Come learn about the life experiences and values of Cesar Chavez, and the legacy he left behind.

Haring Hall, Room 2205

10:30 AM
11:30 AM
12:30 PM

Overview of the Community College System

If you're considering attending a community college, join us to learn more about how the system works and what to expect.

Hart Hall, Room 1128

10:30 AM
11:30 AM

Latinas as Role Models

Together we will empower and support our next generation of Latinas to become leaders in education, government, health, justice/law enforcement, community services and more.

Hart Hall, Room 1130

10:30 AM

Latinas as Scientists and Researchers

Join us for this panel discussion and hear from Latina scientists and researchers at UC Davis who are pursuing STEM education and careers.

11:30 AM
12:30 PM

Financial Literacy for You

You can improve your money management skills at any stage of life. Become an informed consumer, learn about bank accounts and discover how you can establish a strong credit rating.

Hart Hall, Room 1150

10:30 AM
11:30 AM
12:30 PM

Getting and Staying on Track as a Pre-Health Student

Studying for a career in the health industries can be challenging: you have to keep your grades up, volunteer, find meaningful activities and build strong connections. We will explore strategies for success that can start in high school and continue through college.

Hart Hall, Room 1116

11:30 AM

10:30 AM
11:30 AM
12:30 PM

Overview of the CSU System

Learn more about the CSU freshmen and transfer admissions, the application process, financial aid resources, timelines and test requirements. Also learn about special programs available to you as a student like EOP (low-income) and College Assistance Migrant Program (CAMP) for families from migrant/agricultural backgrounds.

Wellman Hall, Room 202

10:30 AM

Opportunities in STEM and Computer Science: Why Coding is so Important

Do you know that you can be a coder and solve problems that help your family, friends and community? You don't have to be a math genius to learn to code. All you need to know is how to think logically and follow steps. In this session, you will learn why coding is the new basic skill that will help you think critically, work as a team and succeed in the 21st Century workplace.

11:30 AM
12:30 PM

Hour of Code

Learn the basics of how to code using the Swift language. This fun and engaging session will teach you how to create commands, loops and debug. App developers around the world use the Swift language to create amazing Apps for companies, such as Lyft, LinkedIn and Khan Academy. Learn how easy and fun it is to code and discover your new passion!

Wellman Hall, Room 216

10:30 AM
11:30 AM
12:30 PM

Private Colleges—They're for You

Learn about the differences between private and public colleges and universities, and why a private college might be a good fit for you. Also gain valuable information about financial aid and paying for college.

Wellman Hall, Room 119

11:30 AM

Community College Pathways to Careers

Learn about career technical education (CTE) at community colleges. CTE will prepare you for a career in skilled trades, applied arts and sciences or modern technology. Find out about programs, academic requirements and career opportunities.

Wellman Hall, Room 230

11:30 AM

Make It a STEMtastic Summer

Summer programs like UC Davis' Adventures in Enrichment are great college preparatory opportunities for middle school students. Adventures in Enrichment gives fifth through eighth graders a chance to participate in a variety of summer camps including robotics, coding, biology, arts and more. Students will explore advanced science, technology, engineering and mathematics (STEM) topics that extend beyond the typical school curriculum.

Wellman Hall, Room 1

11:30 AM
12:30 PM

You Got Something to Say? Say Something!

Young people have the potential to be the authors of their own lives and agents of change. Join the Sacramento Area Youth Speaks (SAYS) program to read, write and speak about your life through the power of spoken word.

Wellman Hall, Room 7

11:30 AM
12:30 PM

Creating Meaningful Social Change Through the Power of Civic Engagement

Explore the role that young people play in civic and political structures. We will examine the power young people have to bring about positive social change and the institutional and attitudinal barriers that exist, particularly for youth of color and those from low-income backgrounds.

Wellman Hall, Room 115

11:30 AM
12:30 PM

Male Role Models in Latinx Culture

Join us for a panel discussion exploring the challenges, life experiences, decisions, educational goals and accomplishments of male role models in Latinx culture.
